

- Compatible with ISIS® Drive, Octalink® and square tapered crank arms.
- Features a protection ring to help prevent damages to the crank arm thread from over-threading.
- Equipped with a spindle driver with self-rotating tip to facilitate crank arm extraction.

### Instructions of Use :

- Remove nut for use with square tapered crank arms.

- Use with a 15mm wrench for better grip.

### Note :

- For the proper maintenance of your tools, please apply a rust preventive oil regularly.
- All tools should be stored in a dry environment.
